Mr. Regier has authored a number of counseling resources that are helpful for laymen and professional counselors alike.

**Caring for the Heart** as a ministry is committed to providing counseling resources and services that are biblically based and giving couples and individuals the resources they need to resolve their personal and marital problems.

# Healing of the Heart

Is a seminar designed to teach individuals and couples how to find a deeper oneness and emotional intimacy in their relations. Participants will learn how to resolve personal issues that may be keeping them from enjoying the fullness of God's blessing in their relationships together.

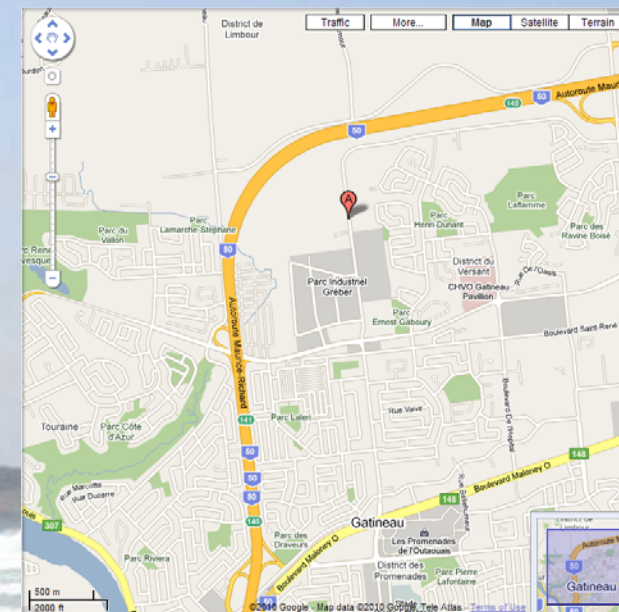

The principles and concepts addressed in this seminar are applicable to all kinds of relationships, not just marriage! They are founded on straight biblical teachings that a person can apply toward building healthy relationships.

**Daniel Savignac** is a former pastor and is now a fulltime counselor with Cœur à Cœur since 2006. He is going to be speaking at the conferences about the deep transformations that have happened in the lives of couples in Quebec.
